

Rapid changes of temperature are hard on the toughest constitution.

The conductor passing from the heated inside of a trolley car to the icy temperature of the platform—the canvasser spending an hour or so in a heated building and then walking against a biting wind—know the difficulty of avoiding cold.

Scott's Emulsion strengthens the body so that it can better withstand the danger of cold from changes of temperature.

It will help you to avoid taking cold.

### Rockefeller's Pension Fund.

Announcement was made Wednesday by the University of Chicago trustees that J. D. Rockefeller would, in the near future, endow the university with \$3,000,000 for the purpose of maintaining a fund for pensioning superannuated professors of the institution. The pensions, it was stated, according to present plans, would be awarded by a system founded on a sliding scale of the salaries of the professors.

The exclusion of the University of Chicago because it is a denominational school from sharing in the \$10,000,000 Carnegie pension fund, is said to be responsible for Mr. Rockefeller's decision to create a pension fund of his own.

### A Real Ghost Near Lincoln, Neb.

Sanders county, Neb., has a ghost. At least the Society of Physical Research, of Lincoln, has announced this to be a fact. The Society went to a farm house near Valpariso and investigated the spook rumor. The house was one time owned by an old miser who was robbed by robbers. People say the miser returns at night in the spirit form.

A family named Van Sant lived in the house until recently. They were driven out of it by the appearance of the miser's ghost. Whenever the family locked the doors they would find them unlocked later and when the family locked them some invisible hand would fasten them. At night the spirit would go the barn on horseback and then come tramping into the house, where it would yawn, sigh and groan. Occasionally its faintly outlined spirit would be seen, but more frequently it was invisible.

Neighbors testified that strange lights played about the farm at night in some invisible hands and that invisible carriages would roll up the driveway. Often this peculiar white light would flood the entire house during the night and then go out as quickly as it appeared. The Psychological society has expressed its belief that the farmhouse really is haunted, because the stories of the family and the neighbors are well authenticated.

### Violated Food Law.

The despondent damsel had been apprehended in the very act of drinking carbolic. The speedy work of skilled physicians saved her life. The physicians afterward admitted that they had saved it. An officious constable arrested her on the grounds of attempted suicide. Then a wise man present interfered and said:

"I object to this high handed procedure. If this person is to be seized on any charge it should be as a violator of the pure food law."

"How so?" exclaimed everyone in unison.

"Because she was putting acid inside 'er."

Whereupon the crowd released the woman and with one accord hanged the author of the pun.

### A Wonderful Happening.

Port Byron, N. Y., has witnessed one of the most remarkable cases of hearing ever recorded. Amos F. King, of that place, says: "Bucklen's Arnica Salve cured a sore on my leg with which I had suffered over 80 years. I am now eighty-five." Guaranteed to cure all sores, by Oberdorfer, the druggist, 25c.

### "Maplehurst's" Features.

A new feature of the spring announcement of Maplehurst Stock Farm, W. A. Bacon, proprietor, is the name of Loconda, 2:02.

Loconda has his future as a sire still before him. That he will prove a successful sire cannot be disputed on any reasonable ground. He is a superb individual, a true and tried race champion, a royally bred stallion, and in all ways fit to share the honors of the stud with his grandsire, Jay Bird. He is the fastest son of his sire, one of the greatest living sires. He is the fastest son of a daughter of Aleyone, conceded to be the greatest son of George Wilkes. His gameness is attested by his racing career. He started racing in 1900 as a three-year-old, and reduced his record every season till 1905. In his seven campaigns he has started 62 times, in only ten of which he was unplaced. Of the other 52 starts he was first in 23, second in 11, third in 14 and fourth in four. He has met and defeated every great racing pacer of recent years. He holds the world's record for 1 1/2 miles—31:54.

Although never trained to trot Loconda has shown two-minute speed for short distances at the diagonal gait, and since he is so strongly inbred to trotting crosses should get a considerable number of trotters. His only living foal, Loconda's Daughter (2:24) is a trotter that was given a record the past season with only a few weeks' training. Loconda's fee will be \$50 for a foal.

Jaymore, a son of Jay Bird, will also be allowed to serve mares at Maplehurst. He is the right type to sire coach horses of the highest type.

I also have two fine mule jacks for service at all times. Fee Ten Dollars for a living colt. Read Mr. Bacon's display ad in another column of this issue.

## 'DO IT TO-DAY!'

"And to think that ten months ago I looked like this! I owe it to German Syrup."

"The time-worn injunction, 'Never put off 'til to-morrow what you can do to-day,' is now generally presented in this form: 'Do it to-day!'" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.
